**RE: ESP International Perchlorate Contamination Prevention Act Compliance Statement**

To Whom It May Concern:

ESP International continuously strives to provide safe, reliable, high quality products to our customers. We have reviewed regulations regarding Perchlorate Contamination Prevention Act (PCPA) along with the Safe Drinking Water Act (SDWA) To the best of ESP International’s knowledge and from the information provided to us from our extended supply chain, we declare we are compliant to these regulations as they do not exist. The EPA (Environmental Agency Act) determined that Perchlorate does not meet the criteria for regulation as a drinking water contamination under SDWA. Therefore, EPA is withdrawing the 2011 regulatory determination and is making the final determination to not issue a national regulation currently. You can obtain further information by visiting the EPA.Gov website.

Since conditions of use are outside ESP International’s control, ESP International makes no warranties, expressed or implied, and assumes no liability related to any use of this information.

The conformity of special articles, products made of special compounds and customer-specific produced goods can be checked in individual cases and is not confirmed by this declaration.

Sincerely,

Ryan Hamilton
